

Sao Paulo, May 6th, 2022

Dear Valued Customer,

In order to improve the market understanding of Solvay's portfolio of technologies and functional ingredients for the Home and Personal Care applications, Solvay has started a project of simplification and consolidation of our brands and product trade names.

Consequently, the brand MACKOL[®] is abandoned and replaced by RHODAPON[®].

The products listed below are undergoing this trade name change, which will be in effect on June 1st, 2022.

With this letter, Solvay confirms that there is no change in raw material, process, or equipment. As such, this change of trade name has no effect on product quality (composition and specifications), nor on its storage conditions.

Current Solvay trade name		New Solvay trade name	
Solvay code	Material description	Solvay code	Material description
114095	MACKOL CAS 100N 25 KG BAG	321401	RHODAPON CAS 100N 25 KG BAG
152519	MACKOL CAS 100N MB 25KG BAG	321402	RHODAPON CAS 100N MB 25KG BAG

For any questions you may have, please connect with your Solvay sales representative.

Best regards,

Rosana Trevisan Roque
